The tutoring program: An amazing cultural exchange

What is it to be a tutor?

Tutoring is a part time job which allows you to have a lot of free time to discover the country and learn French. You will be asked to teach English to your host family 15 hours/week, in return, they will provide you full board and lodging. The tutoring stay is considered as a 'cultural exchange'. Your future host will be curious to learn about your customs and similarly you will share the everyday life of a French family. The key to a successful stay will be a mutual respect and consideration created between you and the family. With this new program, we offer you the opportunity to come in Paris for a short stay, sharing your culture with a French family to discover our culture and language.

Language courses

There are many good language schools. We can help you find a school during your stay if you want to attend French classes. Feel free to contact us for further information.

The host families

Most of our families are located in big cities and their outskirts and they have to sign the IAPA agreement to make sure they respect the general rules and regulations. The English lessons can be for adults, kids or all the family. Host families will be happy to receive the tutor for a stay from 1 to 3 months.

Insurance

You will need to have your own insurance to be covered during all your stay in France as a tutor. Feel free to contact us if you need some advices about good insurances.

How to register

We'll confirm you the good receipt of your application form. Your application will be verified and we'll introduce your application to our families who correspond to your needs.
